The mission of the Interdisciplinary Journal of Information, Knowledge, and Management (IJIKM) is to provide readers around the world with the widest possible coverage of the use of information and technology to effectively create, apply, and communicate knowledge in organizations.

IJIKM is an interdisciplinary forum that publishes high quality articles on theory, practice, innovation, cases, and research covering the use of information and technology to effectively create, apply, and communicate knowledge in organizations.

Published articles will normally address one or more of the following major areas of inquiry:

* Business Intelligence
* Communities of Practice
* Innovation
* Intellectual Capital
* Knowledge Management Systems/Tools
* Learning Organization
* Organizational Learning

IJIKM is an academically peer reviewed Journal. All submissions are blind refereed by three or more peers. IJIKM is published in print by subscription and its articles also appear online free of charge on the web site **http://ijikm.org**
